Dear Mr. Schaff,

This letter is an attachment to the FOIA online request form.

Pursuant to the federal Freedom of Information Act, 5 U.S.C. 552, I request access to the most recent version available of the "PCB Exposure Estimation Tool (PEET) model" in your possession, and specifically those used to establish EPA's current Exposure Levels for Evaluating PCBs in Indoor School Air¹. If the model is maintained in Excel, please provide in its native format. Please also provide any documents which provide information on model design and/or assumptions.

If you deny any part of our request, please specifically cite which exemption you rely on and notify me of the appropriate appeals process.
